Don't guess your size, ask a friend to measure you with a tape measure to help you order the right size.

Take your measurements while standing in a natural position. Keep the measuring tape taut and level but not stretched. Keep one finger between the tape and the body.

Compare your measurements with the chart below.

If your size falls between two sizes, we recommend that you choose the larger size.

A BUST Measurement over the fullest part of the bust.

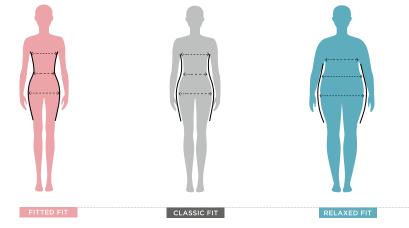

B HIP Measurement over the fullest part of your bottom / thighs.
